

Little Joes Preschool

November already! It is the perfect time to teach our children about giving and sharing. Every year Little Joes builds a

Mountain of Cans

We will discuss our responsibility to help others in need, if we are able. We will ask them to talk to you about bringing in canned goods **beginning at Thanksgiving until Christmas.** Our canned goods will be donated to our local food pantry and families within our congregation here at SJCoFC. You may bring in one can a week, one each day, or a whole case—whatever works for you. We understand times are tight; please bring in only what you are financially able. Thank you for your generosity. If, for any reason, you find yourself in need over the holidays these items are also for you. Please let me know if I can help in any way.

We are continuing to work on our alphabet book. We work on cutting, gluing, letter and sound recognition, table work skills, as well as cooperation, and taking turns.

We practice skills such as patterns, same/different, Opposites, rhyming, and many, many more throughout our day. This includes number recognition and concepts. These are all basic pre-math and/or pre-reading skills which are very valuable for emergent readers and kindergarten readiness.

We will be sending home our first round of evaluations this month. Evaluations will give you an idea of what we expect from your child as the year progresses. We will use the same evaluation forms in the Spring to determine where your child stands academically, socially and emotionally in their preparation for kindergarten.

Winter weather is almost here! We like to play outside as much as we can. Please make sure your child is dressed for the weather and has a hat and gloves in their book bags.
